

START-STOP Technology

YHI POWER

Battery Power You Can Rely On

Technology developed to reduce CO2 emission
increase fuel efficiency by 5-10%

The Performance of AGM and EFB batteries
technology will deliver significantly higher cycle
life that Start-Stop systems required.

AGM and EFB batteries technology capable for
vehicle system with large accessory electric
drains.

* Conditions apply.

17.5% DOD Cycle (Cycle Life)

Neuton Power AGM and EFB Start-Stop Ready Batteries

are designed with the latest Start-Stop technology. Neuton Power's strong and powerful battery aim to deliver reliability to your ignition system.
