

V4000 HD

One Jump Starter for All Your Heavy-Duty Needs

The V4000 HD is a professional-grade jump starter built for the toughest demands. Designed for both 12V and 24V systems, it powers everything from passenger cars to heavy-duty trucks and buses. Delivering up to 4000A peak current, the V4000 HD jump-starts gas and diesel engines up to 16 liters with ease. Its rugged LiFePO4 battery offers superior safety and long-lasting performance and is backed by 7 smart protection features. With a massive 64,000mAh capacity, PD65W fast recharging, and built-in emergency lighting, the V4000 HD is the all-in-one solution trusted by fleets, shops, and roadside professionals.

Features

- **Heavy-Duty 12V/24V Starting:** Delivers up to 4000A (12V) and 3000A (24V) peak current, powerful enough for cars, trucks, buses, and heavy equipment with engines up to 16L.
- **Built for Reliability:** Equipped with premium LiFePO4 battery cells and 7 advanced protection features for safe, worry-free operation in any environment.
- **Massive Capacity:** A huge 64,000mAh (204.8Wh) reserve provides multiple jump starts, up to 60 times for 12V vehicles and 30 times for 24V vehicles, along with extended power for demanding use.
- **Super Fast Charging:** With 65W USB-C PD input, the V4000 HD recharges quickly with a fast charger, taking about 3.5 hours to fully charge so the large-capacity unit is always ready to get back to work.
- **All-in-One Utility:** Functions as a professional jump starter, high-capacity power bank, and three-mode emergency light for roadside and job site use.
