

YHI INTERNATIONAL LIMITED

YHI International Limited, a prominent global distributor of high-quality automotive and industrial products and a manufacturer of alloy wheels, operates as an Original Design Manufacturer (ODM). With a presence in over 100 countries through its 33 subsidiaries and 3 associated companies across Asia Pacific, North America, and Europe, YHI is renowned for its premium automotive products. Offering tyres, alloy wheels, energy solutions, utility vehicles, and industrial products to more than 5,000 customers worldwide, YHI continuously enhances its sales strategies and promotes its premium brands globally, affirming its commitment to serving "The World is Our Market".

YHI POWER PTY LTD - AUSTRALIA

YHI POWER PTY LTD, a division of the YHI Group, was founded in Australia in 1994. Since then, it has evolved into a reputable distributor of premium automotive, industrial, solar batteries, and related products. Our dedicated sales team is committed to delivering exceptional customer service. They ensure the availability of fresh batteries, prompt settlement of warranties on-site, and maintain clean and presentable stock. We keep our customers informed about product updates through various media channels and actively gather feedback to meet their needs.

AUTOMOTIVE BATTERIES

Our automotive batteries offer reliable powerfor a variety of vehicles, including passenger cars, trucks, tractors, marine, mowers, and more. Utilizing advanced calcium, EFB, and VRLA AGM technologies, they provide exceptional cold cranking amps (CCA) and reserve capacity (RC). Built to meet modern vehicle demands, these batteries ensure high performance and reliability.

- Passenger Vehicle
- Heavy Duty & Commercial
- European Vehicles
- US Heavy Duty
- Start-stop AGM
- Hybrid Auxiliary

- Passenger Vehicle
- Heavy Duty & Commercial
- European Vehicles
- US Heavy Duty
- MRV Marine
- Start-stop EFB

- Premium Battery-sealed Expanded Calcium MF
- Unique Grid Surface Design
- 25% Higher Starting Power & 15% Higher Capacity than other Maintenance-free Batteries

- Dual-purpose AGM Battery For Marine & Recreational Applications
- Good Vibration Resistant
- Strong Capacity & Ultra-high CCA

- A wide range of batteries for passenger, light commercial, 4X4 & SUVs vehicles
- Global Recognition

- For Marine / Recreational Applications
- Vibration Resistant
- Improved Heat & Vibration Tolerance for Long Service Life

- Reliable Starting Power
- Value for Money
- Trusted Performance for Everyday Vehicles
- Designed for Safety & Convenience

- Powersports & Auxiliary
- Maintenance-free AGM Technology
- Easy Fit and Easy Installation Design

INDUSTRIAL BATTERIES

YHI Power specializes in providing advanced battery solutions for industrial applications, including UPS and telecommunications. Our range is designed to deliver reliable, efficient and long-lasting performance in critical environments. From high-capacity energy storage to systems optimized for seamless integration, our products ensure dependable operation for industrial facilities, data centers, and telecom networks.

- Valve Regulated Lead-Acid (VRLA) Batteries

- Valve Regulated Lead-Acid (VRLA) Batteries

- Vision LFP System for UPS Application
- UL9540A

- LFP System for UPS Application

- Telecom Lithium Energy Storage

- VRLA Pure Lead High Power
- 15 Years Design Life

- Portable Power
- Inverter Module
- Expansion Battery Module
- Solar Panels
- DC Charger

- Neuton Power Valve Regulated Lead-Acid (VRLA), Deep Cycle Batteries and 12.8V Lithium Batteries

SOLAR BATTERIES

Our solar battery range, including Pylontech's LiFePO4 and Dyness's storage systems, is built for efficiency, reliability, and longevity. Compact and easy to install, they integrate seamlessly with hybrid inverters like Deye's for flexible expansion. With Bluetti's portable power solutions, users benefit from safe, scalable energy for residential and commercial needs, ensuring sustainable power with high safety standards.

- Lithium Energy Storage System
- Longer Life Cycle
- Compact Size for Space Savings
- Can be Combined with Various Brands of Hybrid Inverters

- Lithium Energy Storage System
- Flexible Expansion
- Easy Installation
- High Safety LFP
- Wide compatibility

- Hybrid Inverters
- Lithium Energy Storage System
- CEC List

- C&I
- Lithium Energy Storage System

- OPz Series
- VRLA Batteries
